WITH GRATITUDE
All through the year, individuals, companies and foundations express their gratitude to Overlake by making donations to support the world-class care we provide. Now it’s our turn to say “thank you” to our supporters and friends. Your generosity has made some great things happen.

CANCER CENTER
The community contributed half of the $20 million cost of Overlake’s new, state-of-the-art, fully integrated Cancer Center. Over 1,200 patients turn to Overlake for cancer care each year. The grand opening of the new center in September of 2017 means comprehensive, patient-centered care in a warm and healing space. Thank you.

NEUROSCIENCE INSTITUTE
Over 800 community members turned out for the 2017 Bandage Ball, raising $1.2 million to support Overlake’s Neuroscience Institute. Your generous contributions are at work building new services and programs to serve patients in 2018 and beyond. These include: the first-on-the-Eastside Epilepsy Program; the Headache Clinic for fast treatment of severe headache pain; a telestroke medicine system, which will enable faster evaluation of stroke patients at any time of the day or night; and critical equipment like the Functional Magnetic Resonance Imaging machine. Thank you.

ANGEL EYE
Our incredible community members, including parents of former patients, opened their hearts to the families of the 300 babies per year who receive care in our Neonatal Intensive Care Unit (NICU) by making gifts to purchase an Angel Eye camera system. Each NICU baby has a camera that enables family members to securely log in and watch them in real time. Cameras are also equipped with speakers so moms, dads, siblings and other family members can talk and sing to their tiny infants.

“I woke from a bad dream just shaking with worry about my preemie baby boy. So I logged in and watched him sleeping peacefully for a bit. I felt so much better.”

“After my c-section, I was stuck in bed recovering while my precious baby was taken to the NICU. Thankfully, I was able to log in to Angel Eye from my phone and see him, eyes wide open and looking right at me! It was a blessing, truly, to be able to turn on my phone and see him anytime I wanted.”

While we welcome families to stay in the NICU rooms with their babies, most parents need to head back to work and home to care for other children, and cannot be here all the time. Angel Eye keeps them connected. Thank you.

### CARE FOR THE WHOLE COMMUNITY

Over 2,400 income-qualified individuals benefited from free or reduced-cost care, across all hospital services, with the help of our generous donors. Thank you.

Overlake provided $14M in uncompensated care to people in need in 2017.

In 2017, 1,696 generous community members donated $11.3 million for the programs and services that make Overlake’s care world-class. Thank you.
